Welcome,

Thank you for considering our school which prepares students for one of the economy's fastest growing and profitable professions. Cosmetologist and those in the beauty care are in strong demand, as the US Bureau of Labor and Statistics reports employment of tattoo artists and cosmetologists is projected to grow 19 percent from 2020 to 2030, much faster than the national average for all occupations.

Tanya's Beauty school was established in 2015 by owner Tanya Nguyen. The owner has worked in in the cosmetology industry more than twelve years. Her specialty is management, paying attention to small cosmetic and artistic details and continually updating her school to today's market trends.

The school owner (Ms. Nguyen) is in complete charge of the school, the staff and student training. If students have any challenges or questions with your classes or training, they should speak to Tanya Nguyen immediately.

Things to remember:

- a. If you have any questions, do not be afraid to ask.
- b. If you need help, let your instructor, or the school staff know to work with you.
- c. We're always open to suggestions and constructive criticism.
- d. We must all work hard to maintain the school's objectives.

Welcome,

**Tanya Nguyen**  
Tanya's Beauty School  
President/Owner

### **Leaves of Absence Policy**

Occasionally students may experience extended personal, medical or other problems that make it difficult to attend class. Tanya's Beauty School will review requests for a Leave of Absences (LOA) for **all** students. A LOA is granted or denied at the sole discretion of the school's administration. A Leave of Absence (LOA) request will be granted for no less than 7 calendar days and cannot exceed 180 calendar days in any given 12-month period. A written signed request for LOA can be submitted in-person to the school Admission's Office, via email at [tanyanguyen1978@yahoo.com](mailto:tanyanguyen1978@yahoo.com). Requests will be granted for the following reasons:

- Family medical reasons
- Family Emergency
- Maternity Leaves
- Jury summons
- Death in the family
- Military service
- Other reasons approved by school's administration like vacation Pre-Booked before enrollment
- **All students must follow Tanya's Beauty School's policy in requesting a LOA. This can be found on the school website in the FORM section.**

The request for a leave of absence must be accompanied by a written signed statement as to the reason for the request.

All requests must be made in advance unless unforeseen circumstances prevent the student from doing so. Tanya's Beauty School may grant a LOA to a student who did not provide a request prior to the LOA due to unforeseen circumstance if the institution documents the reason for its decision and collects the request from the student at a later date. In this event, the beginning date of the approved LOA would be the first date the student was unable to attend school because of the accident, illness or other approved event.

A student granted a LOA in accordance with this policy is not considered to have withdrawn and no refund calculation is required at the time of approval.

A leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence. There will be NO additional charges while student is on an approved LOA.

- Student's contract period will be extended by the same number of calendar days taken in the LOA and these changes to the enrollment agreement will be initialed by all parties and/or on an addendum to the enrollment agreement, must be signed by all parties, **or initialed by all parties if made to the original enrollment agreement.**
- The student will be withdrawn if he/she takes an unapproved LOA or if student does not return by the expiration of an approved LOA. The student's withdrawn date for the purpose of calculating the refund will be the student's last date of attendance.
  - Students returning from a leave of absence will return to the academic progress accomplished before the start of the leave.

### **Satisfactory Academic Progress Policy**

Tanya's Beauty School's Satisfactory Academic Progress is consistently applied to **all** students enrolled at the school, regardless of their class schedule. This policy is provided to all students prior to enrollment by printing in the school catalog. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. Tanya's Beauty School's Satisfactory Academic Progress Policy includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative basis, as explained in the policy.

### **Evaluation Periods**

The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Evaluations will be performed on **actual** hours attended. The chart below details the evaluation points applicable to each program:

<b>Program</b>	<b>Course Length</b>	<b>Evaluation Points in Scheduled Hours</b>
<b>Esthetics</b>	600 hours	300 Hours
<b>Advanced Aesthetics</b>	600 hours	300 hours
<b>Nail Technology</b>	281 hours	142 hours

<b>Cosmetic Tattoo</b>	360 hours	180 hours
<b>Full Specialist ( Nail technology+Esthetics+Cosmetic Tattoo)</b>	1125 Hours	400 Hours + 800 Hours

### Attendance Progress

For a student to be deemed making satisfactory attendance progress (quantitative), the student must maintain a minimum attendance average of 75%. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued (clocked by the student), by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame of 133% of the course.

### Qualitative Progress

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic (qualitative) learning. Students are assigned both academic learning (written exams) and a number of practical evaluations. Academic learning is evaluated during each unit of study, using class quizzes, written exams and practical tests. Practical skills are evaluated according to course rubrics adopted by the school and provided to students. Students must maintain a cumulative academic grade average of 75% to maintain satisfactory attendance progress. **Students may make up failed or missed tests and incomplete assignments, in accordance with the school's published policy for Scheduling and Grading, Make-Up Work, Incomplete's and Repetitions.** A student's grade point average is determined by a combined average of all practical and written examinations. Individual student academic records are kept by the school. Students will be notified of any evaluation that impacts their financial aid eligibility, *if applicable*.

### Maximum Time Frame

Students are required to complete their program within 133% of the published program length. The maximum time frame permitted for transfer students who need less than the full course length will be determined based on the number of scheduled contracted hours. Any student who has exhausted the maximum time frame will be dropped from the program and may elect to re-enroll on a cash pay basis in a manner consistent with the school's admissions policy.

<b>Program</b>	<b>Maximum Weeks 133%</b>	<b>Maximum Hours Scheduled hours</b>
<b>Esthetics 600 hours</b> 13.5 hours a week 45 weeks total	44	798
<b>Advanced Aesthetics 600 hours</b> 13.5 hours/week 45 weeks total	45	798
<b>Master Aesthetics hours 1000hrs</b> 24 hours a week/42 weeks total	56	1,330

<b>Nail Technology</b> 281 hours 13.5 hours a week 21 weeks total	28	374
<b>Cosmetic Tattoo</b> 360 hours 13.5 hours a week 27 weeks total	36	479
<b>PMU Esthetics  (Cosmetic Tattoo+Esthetics)  (844 clock hours)</b> 8 hours a day 24 hours a week /36 weeks total	48	1,123
<b>Full Specialist (Nail  Technology+Esthetic+Cosmetic  Tattoo  (1,125 clock hours)  1125 Hours</b> 8 hours a day 40 hours / 28 Weeks total	37.25	1497

### Grading System

Students are graded by using a grading system of 0 to 100 points and converted to a percentage (%) of the total. The grading point system is then converted into alphabetical letters. Students are evaluated regularly on the practical and theoretical work. Students must maintain a “C” average (75%) to maintain satisfactory academic status. Students must have good coordination and show an aptitude for their chosen field. The system detailed below is the grading system utilized by Tanya’s Beauty School.

90% - 100%	A	Excellent
80% - 89%	B	Good
75% - 79%	C	Passing
60% - 74%	D	Not Passing
59% or Below	F	Failing

### Warning

Students who do not meet Satisfactory Academic Progress requirements will be placed in the status of Warning. Students must meet the minimum requirements for attendance **and** academics by the next scheduled evaluation, to be deemed making Satisfactory Academic Progress. Students only have one chance to be on Warning status before the next evaluation next schedule hours. **See Evaluation Periods section.**

### Academic Progress Status

Students meeting the minimum requirements for academics and attendance at the evaluation point are considered to be making satisfactory academic progress until the next scheduled evaluation. Tanya’s Beauty School does not allow for the status of probation.

### **Re-Establishment of Progress**

Students not meeting Satisfactory Academic Progress standards will be notified in writing of the actions required to attain the minimum requirements for attendance and academics by the next scheduled evaluation. The institution will notify the student of any evaluation in which the student is not meeting Satisfactory Academic Progress. The students need to meet SAP for the next evaluation period or else the students are in the risk of losing Title IV fund **(if applicable)**.

### **Evaluation Results (SAP Reports)**

All Satisfactory Academic Progress evaluations will be completed by the school within 7 school business days following the evaluation period, students will be notified of the results of their evaluation(s) either by email (electronically) or in person (paper).

### **Student Access to Satisfactory Academic Progress Reports**

A hard copy of each Satisfactory Academic Progress evaluation is maintained in the student's file.

### **Interruptions, Leaves of Absences & Withdraws**

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken on the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

### **Incompletes, Withdraws & Repetitions**

Incompletes, withdrawals, and repetitions do not apply to the institution and have no effect upon the institution's satisfactory academic progress standards if the institution has no such items or policies.

### **Transfer Students & SAP**

Transfer Students are evaluated at the midpoint of the contracted hours or the established evaluation periods, whichever comes first. Accepted transfer hours for students entering from another institution will be counted as both attempted and completed for the purpose of determining when the allowable maximum time frame has been exhausted. **When transfer hours are accepted for training, SAP evaluation periods are based on actual contracted hours at the institution.**

### **Title IV and Financial Aid**

Tanya's Beauty School currently does not participate in Title IV funding. School currently applied for Initial Accreditation.

### **Veteran's Education Funding**

Tanya's Beauty School currently offers Veteran's Educational benefits.

### **Make up Hours & Make Up Work**

Students are able to make up hours by attending another scheduled class outside the one they are enrolled with advance permission from an instructor, to assure student teacher ratios allow for such.

If a student fails or misses a written or practical exam/quiz they will be given an opportunity (1) to make up that exam/quiz on the next scheduled test date. Students are reminded they are required to have a cumulative score (qualitative) from their written and practical exams (combined) at the SAP evaluation point to be deemed making Satisfactory Academic Progress.

### **Family Educational Rights and Privacy Policy**

Tanya's Beauty School complies with the Family Educational Rights and Privacy Act of 1974 Buckley Amendment, Public Law 93-380 Section 438. All students' records are confidential. Students and parents or guardians of dependent minor students who are in regular attendance at the institution have the right to inspect and review the student's educational, financial, and attendance records to ensure they are accurate and factual. Students and/or parents or guardians of dependent minors should complete a record request form and forward it to the school and allow up to 10 business days for processing. Records request forms can be obtained at school. Written consent is required before education records may be disclosed to the third party. Students are not entitled to inspect the financial records of their parents. Tanya's Beauty School official must be in the office at all times during the examination of the student's files.

Generally, schools must have written permission from the parent or eligible student in order to release any information from a student's education record. However, FERPA allows schools to disclose those records, without consent, to the following parties or under the following conditions (34 CFR § 99.31):

- School officials with legitimate educational interest;

- To comply with a judicial order or lawfully issued subpoena;
- Appropriate officials in cases of health and safety emergencies; and
- State and local authorities, within a juvenile justice system, pursuant to specific state law.

### **Disclosure and Retention of Students Records & Rights to Privacy**

The Federal Rights of Privacy Act (FERPA) is a federal law that protects the privacy of student education records. FERPA provides the right to students and parents or guardians of dependent minors to inspect, review and challenge information contained in the institution's student records. However, a school administrator must be present during the process to provide clarification and/or answers to related questions raised during the review of the student's files, materials and documents that contain information directly related to the student's period of enrollment that are maintained by the institution.

Most problems or complaints that students may have with the school, can be resolved through a personal meeting with the student's instructor or school administrator. If, however, this action does not resolve the matter to the satisfaction of the student, he/she/they should take the following steps:

- **First Step (Verbal)** -resolve these problems with school officials, this can be done by a private meeting and the school representatives will investigate and respond to student within 10 calendar days.
- **Second Step (Written)**-If the first step of talking to a school official failed and the issue is not resolved, a student needs to submit an internal grievance to the school writing via US mail or email to [tanyanguyen1978@yahoo.com](mailto:tanyanguyen1978@yahoo.com) and should outline the allegation. Once the school receives the written documentation, a school representative will meet the complainant and complete the investigation and respond to the student in writing within 15 calendar days.

**Final Step** - A student who has completed this process but is not happy with the outcome or who has a reason to avoid the school's process can also contact the HECC to inquire about the agency's own complaint process. Before submitting any documentation of a complaint to the HECC, we recommend that you contact a complaint specialist (see contacts below) to learn more about the types of complaints the HECC can address. ### Health and Physical Considerations

Generally, a professional in the Cosmetology which includes the Esthetics, Advanced Aesthetics, Nail Technology and Cosmetic Tattoo fields must be in good physical health since he/she will be working in direct contact with customers and the career path requires a great deal of standing, walking, pushing, bending and stretching for extended periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves these extensive physical demands. We promote the acceptance of students with physical limitations or disabilities if these students believe that they can fulfill the training demands, have the ability to meet requirements of employers and follow regulatory oversight restrictions.

Additionally, professionals in the cosmetology field must meet requirements set forth by employers such as following direction from supervisors, the ability to read and follow directions on chemicals used in a salon and ability to maintain a professional schedule.
